

# Modular Jumper Cable

### Description

The Sensaphone FGD-L8312 Modular Jumper Cable is provided with sensing cable connectors on both ends. It is a cable used for interconnecting between separated sections of liquid sensing cable.

### Package Contents

(1) Modular Jumper Cable

### Specifications

Connector:  
Black Plastic

Wires:  
4x24AWG Conductors

Cable Length:  
5m, 10m, 15m, 30m

Isolation Resistance:  
>20M  $\Omega$

Conductor Resistance:  
<42  $\Omega$  per km
